## ABOUT ACCESS NETWORK

Established in 1973, ACCESS NETWORK is the trade name of The Alberta Educational Communications Corporation.

ACCESS NETWORK produces, markets, distributes, exhibits and acquires educational, cultural and informational television and radio programming. The Corporation is committed to providing lifelong learning opportunities through a high standard of formal and informal educational programming and services, with emphasis on distance learning.

The Corporation responds to the specific educational needs of:

- very young children, their parents and specialists in early childhood education
- students and teachers in elementary, junior high and high schools
- students and educators in universities, colleges, vocational and technical institutions
- viewers and listeners who wish to benefit from educational, cultural, and informational television and radio programming.

ACCESS NETWORK also assists in meeting the multi-media needs of a variety of Albertan, national and international audiences. In addition to video and audio programs, it provides videodiscs, educational kits and print support materials (including teacher guides, student workbooks and resource manuals) to educators and to some nonprofit organizations.

From our facility in Edmonton, the Corporation distributes its television and radio programming provincially, using the ANIK E-2 satellite delivery system and the ACCESS NETWORK Media Resource Centre.

ACCESS NETWORK actively markets its video and audio productions, videodiscs and print materials to educational and broadcast institutions throughout North America, Europe, Asia, the Middle East and the Pacific Rim.

## **CKUA AM.FM**

For 66 years, CKUA AM.FM Radio, Canada's first public broadcaster, has been providing quality educational, cultural and music programming to Albertans. As part of the Alberta Educational Communications Corporation (ACCESS NETWORK), CKUA continues to produce quality programming for educators. Theatre of the Air, Education Today, Great Alberta Law Cases and language programming enrich the lives of students throughout the province.

As well as providing lifelong learning opportunities, CKUA also continues to enrich the cultural life of the province, providing exposure to Alberta's musicians, writers and performers and offering listeners a comprehensive package of new and current affairs.

Over the past 66 years, CKUA has become a valuable part of the cultural fabric of this province and its programs a valuable resource for educators. Consider how you might use CKUA programming, in your classroom.

For more information on CKUA programming, or to receive a broadcast schedule, please call:

## **HAVE AN IDEA FOR A PROGRAM?**

A commonly asked question is "How does one go about getting a program produced on ACCESS NETWORK?" Because of our principal commitment to serve Alberta Education, we rarely have the budget, resources or staff to produce ideas submitted by individuals. However, if you feel that your idea is of exceptional merit there are several methods of bringing it to our attention.

If your idea is for programming to be used by teachers or students in Alberta schools, your first contact is the Curriculum Branch of Alberta Education. They will review your concept, along with all other proposals, and forward their top priorities to ACCESS NETWORK in the form of a Departmental Priority Letter. Deadlines vary slightly from one year to the next, but ACCESS NETWORK usually receives the final project list by September and production starts in April of the following year.

If your idea is intended for broadcast on the ACCESS NETWORK schedule, you need to contact the Director of Programming at ACCESS NETWORK. The Director of Programming will consider your concept and your confirmed sources of funding. If your concept is suitable for our audience and fits nicely into our concept schedule, it may be considered for production. The same considerations apply to independent producers who are interested in obtaining a pre-licence commitment from ACCESS NETWORK.

If your idea fits neither of the above scenarios, you may discuss it with the Director, Development and Production. If you have identified sources of funding and a means of delivery, your project may be suitable for development as a special initiative.

In conclusion, your ideas are welcomed but must be carefully considered, given the prior commitments of our budget and demands on our resources and staff.

## **THE PROVINCIAL CO-ACQUISITION PROCESS**

Each year, ACCESS NETWORK, in cooperation with Alberta Education, participates in the Provincial Co-acquisition Process. Jointly, along with thirteen regional resource and urban media centres, ACCESS NETWORK acquires video programs or series which are added to our respective inventories. Programs are previewed each November at the Western Canada Film and Video Showcase. A prioritized list of these programs is reviewed, along with cost quotes, and finalized in January of the following year. Costs are shared on a 50/50 basis. ACCESS NETWORK's budget pays half and the remainder is charged back to the regional resource and urban media centres, based on a pro-rata share calculated using student enrolment figures. This process, while complicated and time consuming, results in increased inventory for all concerned and is a sensible approach given our current period of economic restraint.

## **NIGHT OWL**

### **TAPE IT YOURSELF OVERNIGHT!**

ACCESS NETWORK'S Night Owl service enables educators to record curriculum related video programs for preview or classroom use. This early morning broadcast takes place Tuesday through Friday from 1:00 a.m. to 7:00 a.m. The copyright on these programs has been cleared for use in the classroom or for teacher inservice.

Night Owl is an excellent way to preview programs available from ACCESS NETWORK before purchasing them. Any program that has both broadcast and duplication rights may be requested for preview.

The complete Night Owl schedule runs twice a year in a twelve-week cycle, from mid-September to mid-December and from mid-January to the beginning of April. Programs are grouped into the following categories:

Adult/Teacher Inservice  
Youth (Preschool/Grades 1-12)

The schedule is designed to allow you to record a complete two-hour category and use only the portion of the recording you require. You will be able to fit several programs on a two-hour tape without having to set your VCR at its slowest speed.

Night Owl makes it easy to record ACCESS NETWORK programming. Simply set the timer on your VCR at school or at home and record the program or programs that you need.

**YOUR NIGHT OWL PROGRAM GUIDE IS NOW AVAILABLE IN YOUR SCHOOL LIBRARY.**

## HOW TO USE THIS CATALOGUE

This catalogue supplement list all video materials acquired or produced by ACCESS NETWORK. All programs have duplication rights and are intended for use by educators in Alberta.

There are three sections to this catalogue:

### 1. CURRICULUM INDEX

This is an alphabetical listing of programs by series title under curriculum areas assigned by Alberta Education. When you have found the series or program you are interested in, turn to the **MATERIALS DESCRIPTION** section for detailed information. The series/programs will be listed there where it falls alphabetically.

**EXAMPLE of a Curriculum Index entry:**

#### **SCIENCE *See also* BIOLOGY / CHEMISTRY / PHYSICS**

Blackfly	VC 343801 jr/pr/ue
Push and Pull: Simple Machines at Work	VC 346101 jr
Balance in Nature	VC 349601 jr/sr/ue

### 2. SUBJECT INDEX

An alphabetical listing of programs by series title under subject headings compiled from the following authoritative sources:

- Library of Congress Subject Headings
- Canadian Subject Headings
- Thesaurus of ERIC Descriptions

Please keep in mind:

- a. When looking for programs under possible specific headings, consider alternatives, e.g.

Canada - Politics and government  
OR  
Federal-provincial relations (Canada)

- b. ***See*** references are provided in the **SUBJECT** Indices; therefore when one term is not used it leads you to a similar term that is used, e.g.

Eskimos ***See*** Inuit

- c. A limited range of *See also* references is provided in the **SUBJECT** Indices, as illustrated:

Birds *See also* names of particular birds, e.g. Whooping cranes

Filing arrangement in the Subject Index follows a few basic rules. The following example will illustrate the order of punctuation.

Canada  
Canada - Economic policy  
Canada - History  
Canada - History - Confederation, 1867  
Canada - History - 1791-1841  
Canada - History - 1841-1867  
Canada - History, Political  
Canada (Province)  
Canada. Royal Canadian Mounted Police  
Canada, Western  
Canadian football

Note that after the *History* subdivision the dates follow chronologically, with further subdivision coming after the dates.

Initials file as a separate word at the beginning of their alphabetical group.

C N Tower, Toronto	F L Q
Cabinet ministers	Faba bean
R.C.M.P.	UFO's
Racoons	Ukraine - History

When you have found the series or program you are interested in, turn to the **MATERIALS DESCRIPTION** section for detailed information. The series/program will be listed there where it falls alphabetically.

### 3. MATERIALS DESCRIPTION

Lists all series and single programs alphabetically by title and then numerically by **Basic Program Number (BPN)** within each series. For every series, a description is provided which outlines the physical and intellectual contents of the series. If support material is available, this is also stated in the series description. Please refer to the Support Material Listing for a complete reference to available support material. As well, a program description appears for each program listed in the catalogue.

#### Example of a Materials Description entry:

#### JUNIOR HIGH ETHICS

This inservice series consists of 2-3 programs aimed directly at teachers and 5-6 programs aimed at students. The aim of the series is to introduce the new ethics programs and to provide a set of resource programs that can be used for classroom activities. The student programs attempt to make the study of ethics as interesting, stimulating, rewarding and effective as possible. Designed to appeal to the young adolescent and to be a motivator for discussion. The Ethics Resource Package has been designed for use by teachers to support the Grade 8 Ethics Course. This is a recommended resource for the Grade Eight Ethics Curriculum. (Two programs, thirty minutes, and six programs, fifteen minutes, BPN 278401-278408) PRODUCER: ACCESS

#### JUNIOR HIGH ETHICS: Overview

**VC278401**

Presents an overview of the new junior high ethics curriculum. It focuses on the background and the importance of ethical education and individual modules in the program. Classroom examples and interviews with parents, students, teachers and administrators are featured throughout the program. 1988

28:50 Min.                      tr                      Colour

The **BPN**, or **Basic Program Number**, is a six digit number which identifies single programs and programs within a series and is used only for ordering purposes. The first four numbers identify the particular series, the last two, the program within the series. For example, program one in a series would have a BPN of XXXX 01, program two, XXXX 02, program three, XXXX 03 and so on. Single programs have a BPN XXXX 01.

Program information includes a physical and intellectual description.

The Audience Level or usage level of each program is indicated by a two letter alphabetical code as follows:

ps	Preschool	sr	Senior High
pr	Primary	ad	Adult
ue	Upper Elementary	ge	General
jr	Junior High	tr	Teacher Resource

## VIDEO SUBJECT INDEX

### HOW TO USE IT

An alphabetical listing of programs by series title under subject headings compiled from the following authoritative sources:

- Library of Congress Subject Headings
- Canadian Subject Headings
- Thesaurus of ERIC Descriptions

Please Keep in mind:

- a. When looking for programs under possible specific headings, consider alternatives, e.g.

Canada - Politics and government

OR

Federal-provincial relations (Canada)

- b. **See** references are provided in the **SUBJECT** Indices; therefore when one term is not used it leads you to a similar term that is used, e.g.

Eskimos **See** Inuit

- c. A limited range of **See also** references is provide in the **SUBJECT** indices, however, their insertion is very limited and is used as illustrated.

Birds **See also** names of particular birds, e.g. Whooping cranes

Filing arrangement in the subject Index follows a few basic rules. The following example will illustrate the order of punctuation.

Canada  
Canada - Economic policy  
Canada - History  
Canada - History - Confederation, 1867  
Canada - History - 1791-1841  
Canada - History - 1841-1867  
Canada - History,Political  
Canada (Province)  
Canada. Royal Canadian Mounted Police  
Canada, Western  
Canadian football

Note how after the **History** subdivision the dates follow chronologically with further subdivision coming after the dates.

## VIDEO MATERIALS DESCRIPTION

### HOW TO USE IT

Lists all series and single programs alphabetically by title and then numerically by **Basic program number (BPN)** within each series. For every series, a description is provided which outlines the physical and intellectual contents of the series. If support materials is available, this is also stated in the series description. Please refer to the Support Material Listing for a complete reference to available support material. As well, a program description appears for each program listed in the catalogue.

#### Example of a Materials Description entry:

##### **Jungle Madness - Amount, Number, et al.**

SEE: WRITE ON!: Jungle Madness - Amount, Number et al. VC217152

##### **JUNIOR HIGH ETHICS**

This inservice series consists of 2-3 programs aimed directly at teachers and 5-6 programs aimed at students. The aim of the series is to introduce the new ethics programs and to provide a set of resource programs that can be used for classroom activities. The student programs attempt to make the study of ethics as interesting, stimulating, rewarding and effective as possible. Designed to appeal to the young adolescent and to be a motivator for discussion. The Ethics Resource Package has been designed for use by teachers to support the Grade 8 Ethics Course. This is a recommended resource from the Grade Eight Ethics Curriculum. (two programs, thirty minutes, and six programs, fifteen minutes, BPN 278401-278408). PRODUCER: ACCESS

##### **JUNIOR HIGH ETHICS: Overview**

VC 278401

Presents an overview of the new junior high ethics curriculum. It focuses on the background and the importance of ethical education and individual modules in the program. Classroom examples and interviews with parents, students, teachers and administrators are featured throughout the program. 1988

The **BPN**, or **Basic Program Number**, is a six digit number which identifies single programs and programs within a series and is used only for ordering purposes. The first four numbers identify the particular series, the last two, the program within the series. For example, program one in a series would have a BPN of XXXX01, program two, XXXX02, program three, XXXX03 and so on. Single programs have a BPN of XXXX01.

**English for Life and Work:****Choosing the Right Course**

VC253301

Promotes skills that will facilitate participation in the educational system for second language students who wish to pursue further education or training. Specifically, it teaches linguistic and social strategies for gathering information and making decisions regarding educational and training choices. Students interact in a simulated situation by guiding the main character, Daron, through a maze of personal decisions and educational bureaucracy. This simulation provides English in context, and offers new immigrants and others entering or re-entering the educational system a chance to experience reality through the non-threatening medium of interactive video. Computer activities allow users to practice some of the language modelling on the videodisc through spelling and dictation drills. An authoring system allows instructors to create their own drills from the database of words and phrases on the videodisc.

COLLATION: 2 CAV videodiscs, 1 audio cassette, student workbook, instructors guide, resource book, and language skills book.

DISTRIBUTION: can be purchased from the Media Resource Centre. Videodiscs require the following: a Sony LDP-1000 or 1000A disc player, an Apple II+ computer, either 1 computer monitor and 1 television receiver or a colour monitor capable of both, two disc drives and prometheus versacard RS-232 plus a video switching card. VC356501

Ce document vidéo, d'une durée de dix minutes, nous présente 24 heures de la vie d'une famille composée de père, de la mère, d'un enfant et d'un chat (représenté sous forme de personnage animé). Cette famille, bien ordinaire, ne se soucie guère d'économies d'énergie, mais le chat, au contraire, s'en préoccupe. Il enseigne donc à l'enfant de bonnes habitudes visant à économiser l'énergie. **The Man Who Planted Trees**

VC285001

Fredric Back's distinctive illustrations offer an evocative visual complement to Jean Giono's flowing narrative as the true story of shepherd Elzéard Bouffier unfolds. A man of few words but great determination, Bouffier singlehandedly planted and nurtured a forest of thousands of oak trees and brought life to a barren, desolate region high in the French Alps. The narrator's fascination with the man and his mission draws him time and again to the mountains, where he sees the windswept, forsaken landscape

transformed into thriving villages and farmland, surrounded by Bouffier's incredible forest. (This series is also available in French - see L'Homme qui plantait des arbres, BPN 285101). *Canadian Broadcasting Corporation* 1987

**MATH THEMATIQUE****Une introduction aux fonctions**

VC353702

Les fonctions sont étudiées de manière approfondie. Ce programme fait l'étude des caractéristiques particulières de certaines relations: la variation directe et variation inverse. La notation de fonction  $f(x)$  est introduite.

**MATH THEMATIQUE La transformation des fonctions:****Le changement des paramètres**

VC353706

Dans ce dernier programme des fonctions, les trois constantes,  $a$ ,  $b$ , et  $c$ , d'une fonction définie par  $y = cf(x-a) + b$  sont discutées ainsi que leurs effets sur une fonction valeur absolue, une fonction du second degré et une fonction hyperbolique. Les graphiques sont transformés par une translation horizontale, verticale et subissent soit un allongement, une réduction ou une réflexion. ACCESS NETWORK 1993

21:06 ad/sr FR

**MATH THEMATIQUE Les fonctions****du second degré: Les caractéristiques d'une fonction du second**

VC353707

Ce programme fait l'étude des fonctions du second degré et leurs caractéristiques. Les graphiques des fonctions du second degré sont analysés par rapport à la symétrie suivant l'axe des  $x$  et l'axe des  $y$ , les valeurs minimales et maximales, le sommet, le domaine et l'image. Les graphiques des fonctions du second degré sont comparés à la représentation graphique de l'équation générale  $y = x^2$ . Il est possible de calculer les abscisses à l'origine en décomposant l'équation en facteurs ou en appliquant la racine carrée. ACCESS NETWORK 1993

26:40 ad/sr FR

**MATH THEMATIQUE Les fonctions du second degré: La formule pour résoudre une équation du second**

VC353708

Ce programme propose l'étude de la résolution d'équations du second degré par la méthode du développement du carré et par la formule pour résoudre une équation du second degré. On établit une formule permettant de déterminer les racines d'une équation du second degré ayant la forme  $ax^2 + bx + c = 0$ . ACCESS NETWORK 1993

28:12 ad/sr FR

**MATH THEMATIQUE Les fonctions du second degré: Les graphiques par moyen des transformations**

VC353709

On transforme la forme générale d'une fonction du second degré,  $y = (ax^2 + bx + c)$ , à la forme générale d'une  $y = a(x-h)^2 + k$ . Les effets des constantes  $a$ ,  $h$  et  $k$  sont discutés. ACCESS NETWORK 1993

**MATH THEMATIQUE Les fonctions du****second degré: Des applications**

VC353710

On fait la résolution de problèmes par: la décomposition en facteurs; l'application de la racine carrée; le développement du carré et la formule pour résoudre une équation du second degré. En complétant le carré de l'équation  $y = ax^2 + bx + c$ , on détermine la formule du sommet d'une fonction du second degré. La formule pour résoudre une équation du second degré nous fait voir la relation entre la nature des racines et la valeur du discriminant. ACCESS NETWORK 1993

**MATH THEMATIQUE La géométrie:****Une introduction**

VC353711

Ce programme fait l'étude des termes, des postulats, des axiomes et des théorèmes pour développer des concepts géométriques. En plus, ce programme démontre comment on peut élaborer notre connaissance géométrique par une application logique des définitions de base géométriques. On fait l'étude des postulats de congruence des triangles ainsi que la démonstration du théorème du triangle isocèle. ACCESS NETWORK 1993

27:30 ad/sr FR

**MATH THEMATIQUE La géométrie:****le cercle**

VC353712

On commence par l'étude des propriétés du cercle. Les concepts de la géométrie analytique ainsi que le théorème de la médiatrice sont utilisés pour interpréter les caractéristiques du cercle. On utilise la formules des distances pour déterminer l'équation du cercle centré à l'origine ( $x^2 + y^2 = r^2$ ). Une translation du cercle horizontale et verticale est utilisée pour dériver l'équation d'un cercle de centre  $(h,k)$ ;  $(x-h)^2 + (y-k)^2 = r^2$ .

**WELL, WELL, WELL Relax** VC261306

Sleep and relaxation help keep the body fit and able to cope with stress. Slim explains that all people need sleep and visualizes different ways people sleep. Slim explains that each new day is an adventure. It might be wonderful or pose a problem that makes you feel angry, disappointed, or frightened. Children demonstrate how problems are often resolved. Strong feelings can cause stress, which makes people feel wound up and ready to pop. The way to relieve stress is to relax, to let the body slow down, and to unwind. *Agency for Instructional Technology 1985* RRUMC - 3

**WELL, WELL, WELL You Are Special** VC261309

Each individual is special because of his or her unique characteristics. What makes people special is more than the way they look. Children show how they think and feel differently from each other. The computer reports that no one is good at everything, but that everyone can be good at one thing. The computer concludes, 'Be Yourself'. Slim notes that all his friends are different. *Agency for Instructional Technology 1985* RRUMC - 3
